MURIEL BOWSER, MAYOR

TECHNOLOGY

Washington, DC is a globally recognized tech hub with access to a highly skilled and densely concentrated workforce. The technology sector employs over 220,000 people across the Washington, DC Metro Area, and has twice the concentration of workers in technology fields as the average metro area. A strong venture capital community and District investment in the sector have resulted in strong growth prospects. This local ecosystem is supported by top-tier educational institutions, providing a talent pipeline to established technology companies and start-ups alike.
